

MAYUR GATTI

SQL Engineer | Data Analyst | BI Developer Noida | Email: your-email | Phone: your-phone |
GitHub: your-github

PROFESSIONAL SUMMARY

Motivated and detail-oriented professional with hands-on experience in SQL, data analysis, and reporting. Skilled at writing and optimizing SQL queries, managing databases, and transforming data into actionable insights. Passionate about learning database design, data integrity, and performance tuning. Looking to leverage analytical and technical skills in an entry-level SQL Engineer role to contribute to a data-driven organization.

TECHNICAL SKILLS

Languages: SQL, Python, JavaScript (basic) Databases: MySQL, PostgreSQL, MS SQL Server
Tools: Power BI, Excel (Pivot Tables, Power Query), Git Libraries: Pandas, NumPy, Matplotlib
Concepts: Database Design, Joins, Normalization, Query Optimization, Data Cleaning, ETL, EDA
Soft Skills: Analytical Thinking, Problem Solving, Collaboration, Quick Learner

EXPERIENCE

Analyst – Data & Technical Operations | HCLTech (Oct 2023 – Present, Noida) - Wrote and optimized SQL queries to extract and validate operational data. - Supported system data audits and troubleshooting tasks. - Collaborated with internal teams to identify process improvements using data analysis. - Created Excel-based dashboards and reports. - Automated repetitive reporting using Python and Excel macros.

PROJECTS

1. Employee Data Management System (SQL Project) - Designed normalized relational tables. - Wrote complex SQL queries. - Applied indexing and optimization. 2. PDF Chatbot (React + Django + AI Backend) - Built an app to query PDFs. - Demonstrates understanding of backend data handling. 3. Mutual Fund Tracker Dashboard - Created a Power BI dashboard. - Integrated SQL for backend data extraction.

EDUCATION

Bachelor of Engineering (BE) – Computer Science, 2023, Solapur, Maharashtra

CERTIFICATIONS

- SQL for Data Analysis – Coursera - Power BI Fundamentals – Microsoft Learn

OBJECTIVE

To join a growth-oriented organization as an SQL Engineer (Fresher), applying my knowledge of databases, data extraction, and optimization.

STRENGTHS

Strong database foundation, eager to learn, excellent problem-solving, detail-oriented.
