WORK EXPERIENCE

HCLTech

Backend Engineer | Noida, India (March 2024 – Present)

- Designed backend microservices using Node.js, Python, and SQL for scalable high-traffic systems.
- Developed reliable REST APIs, modular services, and optimized MySQL/PostgreSQL queries.
- Implemented Redis caching, reduced API latency by ~40%, improved microservice communication.
- Built subscription-like flows, transactional workflows, and secure backend processing pipelines.
- Performed load testing, benchmarking, and failover strategies for high availability.
- Integrated AWS Lambda, S3, CloudWatch following clean architecture principles.
- Collaborated with QA & PM teams to deliver robust backend releases with secure data practices.

Rhythmflows Solutions

Trainee Engineer (Full Stack & Backend) | Pune, India (Oct 2023 – Feb 2024)

- Developed backend services using Node.js, Express.js, MongoDB with modular design.
- Built React.js components, improved UI/UX, and integrated frontend with backend APIs.
- Optimized database queries improving API performance by 50%.
- Delivered features in Agile sprints with documentation.

PROJECTS

TechAssist AI | MERN Stack

- Built backend with JWT auth, regex parsing, structured extraction pipelines.
- Integrated LLM APIs & deployed using Docker.

Google Store Clone | React.js, PostgreSQL, Django

- Built product APIs, authentication & relational DB structures.
- Optimized SQL queries & improved API performance.

Metro Reservation System | MERN Stack

- Built ticketing APIs, fare calculation logic, and MongoDB aggregations.
- Improved DB performance with indexing and structured schema.

SKILLS

Backend: Node.js, Express.js, Django, REST APIs, Microservices

Databases: MySQL, PostgreSQL, MongoDB, Redis

Languages: JavaScript (ES6+), Python

System Design: Clean architecture, modularisation, microservices patterns

Distributed Systems: Caching, load testing, A/B testing, feature flags

Cloud & DevOps: AWS (Lambda, S3, EC2, CloudWatch), Docker, Git/GitHub, CI/CD

Tools: Postman, Linux, VS Code

EDUCATION

MCA — 8.63 CGPA | Savitribai Phule Pune University (2022–2024)

BCA — 9.57 CGPA | Solapur University (2019–2022)

CERTIFICATIONS

- Career Skills for Software Development – LinkedIn Learning
- Introduction to Artificial Intelligence – LinkedIn Learning
- JavaScript & React Fundamentals – Udemy
- NLP with Python – Udemy
