

MAYUR GATTI

Noida, India | +91-8830653205 | mayurgatti7@gmail.com | linkedin.com/in/mayur-gatti

PROFESSIONAL SUMMARY

Entry-level software professional with strong programming fundamentals and hands-on experience through academic projects and backend engineering roles. Proficient in Python, SQL, Java basics, and Unix/Linux environments, with strong analytical, problem-solving, and communication skills. Highly motivated, self-driven, and collaborative, with a keen interest in development-focused roles within technology-driven organizations.

CORE COMPETENCIES

Programming Fundamentals (Python, SQL, Java Basics)
Data Structures & Logical Problem Solving
Unix/Linux Command Line Basics
Backend & Database Concepts
Strong Written & Verbal Communication
Team Collaboration & Self-Starter Mindset

WORK EXPERIENCE

Trainee Engineer – Data & Backend | Rhythmflows Solutions, Pune | Oct 2023 – Feb 2024

- Developed and optimized SQL queries improving data retrieval performance by 50%.
- Worked on backend data pipelines and system logic using Python.
- Applied analytical thinking to solve data processing and performance issues.
- Gained exposure to Unix/Linux-based development environments.

IT Engineer | HCLTech, Noida | 2024 – Present

- Built strong system-level understanding of operating systems and enterprise applications.
- Applied structured problem-solving techniques to analyze and resolve technical issues.
- Collaborated with cross-functional technical teams in a fast-paced environment.
- Strengthened communication and documentation skills while working on complex systems.

PROJECTS

Google Store Clone – Django, PostgreSQL

- Designed backend architecture and database models.
- Implemented KPI analytics and anomaly detection logic.

Metro Ticket Reservation System – Python

- Developed route analysis logic and performance insights.
- Applied algorithmic thinking and data handling techniques.

TECHNICAL SKILLS

Languages: Python, SQL, Java (Basics)
Databases: PostgreSQL
Operating Systems: Windows, Unix/Linux
Tools: Git, ServiceNow, JIRA
Scripting: PowerShell (Basics)

EDUCATION

Master of Computer Applications – 8.63 CGPA (2024)
Bachelor of Computer Applications – 9.57 CGPA (2022)

CERTIFICATIONS

Career Skills in Software Development – LinkedIn Learning
Intro to AI – LinkedIn Learning
NLP with Python – Udemy
