PROFESSIONAL EXPERIENCE

HCLTech | Noida, India

Analyst (IT Service Desk) | March 2024 – Present

- Multi-Channel Operations Management: Successfully manage high-volume customer interactions via calls, live chat, and service requests, prioritizing urgent incidents to maintain operational efficiency.
- Incident Resolution & Metrics: Handle ServiceNow tickets with 95%+ First Call Resolution (FCR), ensuring strict SLA compliance.
- Technical Support & Diagnostics: Provide L1/L1.5 support for Windows, Outlook, M365, VPN, and Citrix, resolving hardware, OS, network, and authentication issues.
- User Administration: Execute AD operations including password resets, unlocks, and provisioning for global users.
- Remote Assistance: Support users through RDP, Citrix, and Teams; escalate major incidents to L2 with proper documentation.

Rhythmflows Solutions | Pune, India

Trainee Engineer (Data & Backend) | Oct 2023 – Feb 2024

- Data Analysis & Insights: Performed large-scale data analysis using Python (Pandas).
- Query Optimization: Improved SQL performance by reducing data retrieval time by 50%.
- Infrastructure Maintenance: Supported backend pipelines ensuring reliability of web applications.

PROJECTS

Google Store Clone (E-commerce Analytics) | Django, PostgreSQL, SQL

- Data Modeling: Designed normalized transactional data models.
- Performance Analysis: Analyzed acquisition and KPI data.
- Fraud Detection Logic: Built anomaly validation checks for order transactions.

Metro Ticket Reservation System | Python, PySpark Basics

- Operational Tracking: Built tools to track route usage and booking performance.
- Pattern Recognition: Identified demand patterns for optimization.

TECHNICAL SKILLS

- Data Analysis & Processing: Python (Pandas, NumPy), PySpark, ETL, large datasets.
- Database & Modeling: SQL, normalization, warehousing concepts.
- Banking Domain: Financial data, fraud detection, regulatory concepts.
- IT Support & Infrastructure: ServiceNow, Windows, M365, AD, CI/CD, Git, Linux.

EDUCATION

Master of Computer Applications (MCA) | Savitribai Phule Pune University | 8.63 CGPA | 2024

Bachelor of Computer Applications (BCA) | Solapur University | 9.57 CGPA | 2022

CERTIFICATIONS

- Natural Language Processing with Python – Udemy
- Introduction to Artificial Intelligence – LinkedIn Learning
- Career Skills in Software Development – LinkedIn Learning
