Noida, Uttar Pradesh, India

Professional Summary

Data Analyst with 2+ years of experience designing automated reporting solutions and scalable data pipelines at HCLTech. Strong expertise in Python, SQL, Power BI, and Advanced Excel to support data-driven decision-making. Experienced in ETL workflows, data validation, and business intelligence with a focus on process automation and data quality.

Core Skills

Programming: Python, SQL

Data & Analytics: Power BI, Advanced Excel, Data Modeling, Statistical Analysis, Data Visualization

Data Engineering: ETL Pipelines, Data Validation, Reporting Automation

Tools & Platforms: Git, REST APIs, Tableau, AWS (Basics), Azure (Basics), Hadoop (Familiarity)

Competencies: Data Analysis, Business Intelligence, Process Optimization, Root Cause Analysis

Professional Experience

HCLTech — Analyst | Sep 2025 – Present

- Built automated Power BI dashboards and Python workflows, reducing manual reporting effort by 40%
- Performed large-scale SQL and Excel analysis to identify trends and operational improvements
- Streamlined ETL pipelines via automation, improving efficiency by 30%
- Implemented data validation frameworks achieving 99.9% reporting accuracy
- Collaborated with cross-functional teams to standardize enterprise reporting and data integration

HCLTech — Graduate Trainee | Mar 2024 – Aug 2025

- Led data preparation and transformation initiatives processing 100K+ monthly records
- Developed automated KPI dashboards and enterprise reporting solutions
- Conducted root cause analysis that reduced incident resolution time by 25%

RhythmFlows Solutions Pvt. Ltd. — Software Engineer Intern | Sep 2023 – Feb 2024

- Designed ETL pipelines and optimized SQL queries improving retrieval performance by 50%
- Built automated data reporting tools to improve data accessibility and reporting efficiency

Key Projects

- Automated Reporting Dashboard: End-to-end Power BI solution integrating SQL and Python for real-time analytics
- Data Pipeline Optimization: Reduced processing time from 4 hours to 90 minutes using parallel ETL workflows
- Technical Portfolio Website: Developed a portfolio website showcasing analytics and data engineering projects

Education

MCA, Savitribai Phule Pune University | 2022 – 2024

BCA, Punyashlok Ahilyadevi Holkar Solapur University | 2019 – 2022
